REPORT FROM THE SELECTMEN

As authorized at last year's annual town meeting we have negotiated with the City of Portsmouth what we consider to be an excellent water line agreement. Basically, it states that we will buy all materials, including necessary hydrants, and Portsmouth will install and assume ownership and responsibility for any lines extended in Newington. This alleviates the necessity for maintaining our own water district with its associated full time employees and the considerable equipment such an operation would require.

We are requesting that you purchase a parcel of land in South Newington for the future construction of a combination fire station, meeting house, branch library, etc. In addition, the land will provide space for a skating rink, ball diamond or other recreational activity.

We feel that a fire house in South Newington is a necessity in the near future for two reasons — the added protection of a readily available engine and the reduction of insurance rates which results when a dwelling is within two miles of an underwriter-approved fire house.

Considerable work was done this year to restore the Patterson's Lane landing to its original size. In addition, a boat launching ramp was built which will allow boats to be launched or recovered at any tide stage. We hope to hottop the ramp this spring so it will be ready for the boating season

As the state law requires that bicycles be registered, we plan to license all bicycles in town after an inspection by an authorized agent. We feel this is mandatory for the safety of the children, as too many bicycles are not equipped with proper lights or reflectors when operating after dark.

Every year there are a few people who do not obtain dog licenses as required by state law. In fairness to the great majority who do license their dogs, we feel we must strictly enforce the law this year. The deadline for licensing dogs is April 30th.

As you probably all know, we changed our basis of property assessment from 35% to 100% of full value. We want to emphasize that there were no reassessments made at the same time — you are all paying the same proportionate share of taxes as you were before. Only those of you who get a veteran's exemption will notice a slight increase in your tax bills. This is because under the 35% assessment ratio, the veterans' exemption amounted to \$2,857. Under the present ratio, the exemption is a flat \$1,000, which was the intent of the Legislature in passing the Veteran's Exemption Law. We will be glad to answer any specific questions you may have on the subject.

Elsewhere in the book you will find a curve comparing the tax rate under both ratios of assessment.

Two other graphs are included in the book which we will explain in detail at the Town Meeting.

Finally, there has been a great deal of pressure throughout the state to enforce the new Motor Vehicle Junk Yard Law. We fully expect that Newington, along with the rest of the state, will be required to comply.

Respectfully submitted,

GORDON D. HISLOP, Chairman PAUL KENT PAUL L. deROCHEMONT Board of Selectmen

HIGHWAY DEPARTMENT REPORT - 1965

We are pleased to report that the department completed its work schedule to the satisfaction of the Board of Selectmen and State Engineer. Spraying for roadside brush and poison ivy was completed in 1965; this is a job that is done every two years.

Our biggest planned project for 1966, if funds are approved, will be the widening of Patterson's Lane for the greater safety and convenience for use not only by the residents of the lane, but by the school bus and the increased traffic to the tank farms.

Below you will find a breakdown of expenditures for 1965:

WINTER HIGHWAYS

Payrolls:

•	
Donald E. Beals, Operator and	
Machinery \$	1,833.40
Wm. H. Beals, Operator & Machinery	y 572.25

LANGDON FREE PUBLIC LIBRARY REPORT

HOURS:

Wednesday and Saturday	2	- 5	p.m.
Alternate Mondays - School Program 9:30 a.m	ı	12	noon

The periodical subscriptions list has been enlarged and now includes:

Alfred Hitchcock's Mystery Magazine, American Heritage, Antiques, Better Homes and Gardens, Boy's Life, Calling All Girls, Consumer Reports, Family Handyman, Farm Journal, Field and Stream, Harper's Magazine, Horse World, Ladies' Home Journal, Life, Look, McCall's, National Geographic, P. T. A., Popular Boating, Popular Mechanics, Profiles, Reader's Digest, Redbook, Saturday Evening Post, Seventeen, Sports Illustrated, Time and Yankee.

National Observer, a newspaper which sums up the week's more important events, is being received and has a good circulation.

New books added to the shelves this year totaled 402, divided as follows:

Adult Non-Fiction	134
Adult Fiction	98
Invenile	173

In the coming year we hope to add to the phonograph collection and welcome suggestions on particular artists and discs.

The library has received many useful books from Newington Citizens and we would like to thank: Mrs. R. Childs, Janet Duggan, Pamela Eells, Margaret Estes, Helen Frink, J. P. Frost, Adeline Johnson, Margaret Pickering, Charles Newcombe, George Newick, Virginia deRochemont, Wilhelmina Russell and Rex Russell.

Two "In Memory" books were added: Mrs. Mary Gowan donated Eric Sloane's "Museum of Early American Tools" in memory of Mr. Sherman Spinney. An original copy of Stratham's Town History was donated by Mr. and Mrs. Walter Pickering for their daughter Gale Pickering, 1945-1965.

From the branch library in South Newington, Mrs. John Mazeau reports:

"We have had an active year. One tremendous addition to our reference collection is a set of Americana Encyclopedia, donated by Mr. and Mrs. Charles Newcombe. It is much appreciated and has been very helpful to our older students."

One most enjoyable and educational highlight of the year was a Rockingham County Meeting, attended by librarians and trustees. Through talks and panel discussions we became aware that large and small libraries share many mutual problems. Library work offers wide opportunities to young career seekers. Some of our youngsters might give serious thought to this developing field.

Through a typing error, the financial report for last year was signed Marjorie Pickering. It should have read Margaret Pickering, since librarians are not allowed also to handle the finances.

Newington's children, pre-school through high school make good use of the library and the adult circulation is on the increase.

Thanks go to Warren Witham for a fine job of planting and caring for the urn.

Respectfully submitted,

MARJORIE PICKERING,

Librarian

Trustees:

MARGARET PICKERING FLORENCE WATSON FRANCES HEAVNER

THE OLD PARSONAGE - 1699

The Old Parsonage, owned by the Town, and leased to the Newington Historical Society, was open to the public on May 30th from ten a.m. until 4 p.m. We are pleased to extend a welcome to the townspeople, to former citizens and friends who return to the home town on Memorial Day.

The house was open to visitors, and for the enjoyment of the whole community on Sunday afternoons during July and August from two to four o'clock, and also by appointment to an interested group from Wolfeboro.

We aim to portray the historical background of what was once a part of everyday life in Newington.

FLORENCE C. WATSON, *President* Newington Historical Society

NEWINGTON POLICE DEPARTMENT

JOSEPH C. NAVELSKI Police Chief

SPECIAL OFFICERS

Kenneth Pickering Harold Consentine Thomas Roy Leonard Thomas Walter Lent, Jr.

Your police department has again had a very busy year. Due to the rash of breaking and enterings in the area, the Board of Selectmen authorized the department to maintain extra patrols. Another factor in increase in work load was the opening of Mars Bargainland and once the new shopping center planned for Gosling Road/Spaulding Tumpike commences operation, additional traffic surveillance will be necessary. Below is a breakdown of activities and expenses for the year. Thanks to all for the fine cooperation that has been given the department.

Complaints	84
Calls Received	590
Outgoing Calls	414
Lights Reported Out	70
Malicious Property Damage	9
Arrests	3
Accidents	15
Warnings	20
Larcenies	15
Holdups	1
Breaking and Entering	4
Traffic Control at Fires	7

EXPENSE BREAKDOWN — 1965

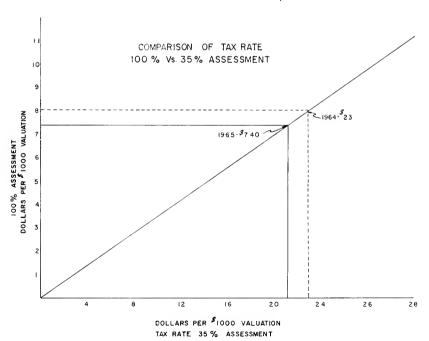

Salary and Mileage:

Chief Navelski	\$2,410.86
Kenneth Pickering	281.43
Thomas Roy	146.64

Leonard Thomas	13.50	
Wm. Goodwin, Jr.	49.50	
Walter Lent, Jr.	126.05	
Harold Consentine	258.00	
		\$3,285.98
Telephone Expense		120.80
Radio Repairs		141.94
Stationery		23.00
Total Expenditures	_	\$3,571.72

Respectfully submitted,

JOSEPH C. NAVELSKI Police Chief

BUILDING INSPECTORS' REPORT

This is your building inspector's report for the year ending December 31, 1965. It has been a year of great progress for the Town of Newington. Early in the spring "Mars Bargainland" leased the former bowling alley building for use as a large department store. The grand opening was on May 19, 1965 and I feel this store has been a great asset to the surrounding area. It has been well patronized and we are indebted to the Hyder Brothers, owners of the building, for getting this store located here and I extend best wishes for the future.

On the shore of the Piscataqua River, just off the New England Tank Industries Plant, a nine acre tract of land has been created from the dredging of the river channel. This has increased the land area of the Town of Newington, and on this tract the Fuel Storage Corporation has made a tank farm, consisting of two large tanks and one smaller tank, with pumps, loading racks and piping, plus an administration building. These tanks will be used for storage of #2 fuel oil and kerosene for wholesale distribution to the surrounding area. The Gulf Oil Corporation has occupied this Terminal, which is also a great asset to the Town of Newington, and we are very appreciative.

Bulldozers have been working since early spring on a large tract of land at the corner of Gosling Road and Spaulding Turnpike, getting the land ready for a large shopping center. Work has progressed to the point of getting footings and foundation in for a building to be occupied by J. M. Field and Food Fair. Various other stores are expected to move in in the near future. The land is owned by Frank Properties, Inc., and the contractor is the Frank Construction Corp. This is a project that should put Newington and the surrounding area on the map. The year 1966 should be a banner year for Newington, and we are very grateful that this shopping center has located here.

Three permits for new homes were issued during the past year, two of which are already under construction and the third expected to start in the early spring. There have been various renewal and alteration jobs, two new garages built and several buildings moved. The Edith Frink estate on Little Bay Road has been remodeled and is now owned and occupied by Mr. and Mrs. Sidney H. Frink and their family. It is very nice to have this home in use again. Flagstones Restaurant has also made alterations and improvements, which has not only made it more attractive, but shows progress by the owner.

Appreciation has been given to your building inspector both by letter and orally for services rendered and I am very grateful for this. I wish at this time to thank the citizens of Newington for their cooperation in complying with our zoning and building regulations.

During the year 1965, thirty building permits were issued for a total valuation of \$315,653.00. Following is an itemized listing of all permits.

Respectfully submitted,

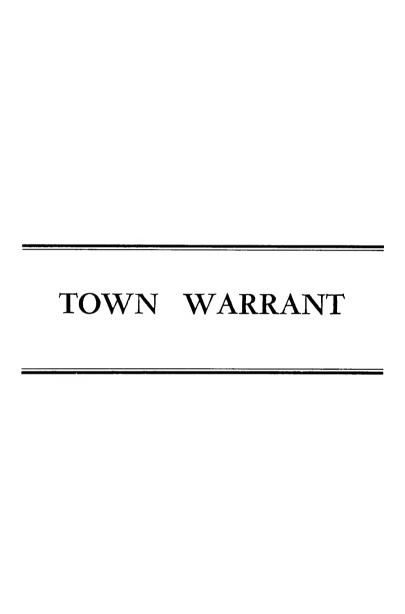

MAURICE E. ROBINSON

Building Inspector

TOWN WARRANT

STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Newington in the County of Rockingham and said State qualified to vote in town affairs:

You are hereby notified to meet at the Newington Civic Center in said Town on Tuesday, the Eighth Day of March next at Ten O'Clock A.M. to act upon Articles 1 and 2.

The Polls will open at Ten O'Clock A.M. and unless extended by vote at the meeting will close at Six O'Clock P.M. The Town Meeting will resume at Seven-thirty P.M. to act on ensuing Articles.

- 1. To choose in the manner provided by law: 1 Selectman for a term of 3 years; 3 members of the Budget Committee for terms of 3 years; 1 Trustee of Trust Funds for a term of 3 years; 1 Library Trustee to hold office for 3 years; 1 Library Trustee to hold office for 1 year; A Town Clerk; Collector of Taxes; Town Treasurer; Highway Agent; Overseer of the Poor; Supt. of Water Works; Chief of Police; Measurers of Wood; Surveyors of Lumber, Fence Viewers, Pound Keeper, Building Inspector and all other necessary town officials for the ensuing year.
- 2. To see what action the town will take regarding adoption of the Zoning Ordinance proposed by the Planning Board and the repeal of existing ordinances or parts thereof that are inconsistent with the provisions of the proposed zoning ordinance.
- 3. To see if the Town will vote to authorize and empower the Planning Board to approve or disapprove, in its discretion, plats showing streets or the widening thereof, or parks, and direct the Town Clerk to file a certificate with the Register of Deeds showing that the Planning Board has been

so authorized; and further to empower the Planning Board to review, and to approve or disapprove site plans for the development of tracts for non-residential uses whether or not such development includes a subdivision or resubdivision of the site.

- 4. To see if the Town will vote to leave the care and maintenance of Town Land and Buildings to the discretion of the Selectmen.
- 5. To see if the Town will vote to authorize the Selectmen to administer or dispose of any real estate acquired or to be acquired by the Town through Tax Collector's Deeds.
- 6. To see if the Town will vote to authorize the Selectmen to hire money on the credit of the town in anticipation of taxes at a rate not to exceed the current bank rate.
- 7. To see if the Town will vote to authorize the Selectmen to appoint a Conservation Commission for the promotion and development of the natural resources and for the protection of watershed resources of the Town.
- 8. To see if the Town will authorize the selectmen to acquire for the Town a parcel of land in South Newington, lying easterly of Route 151, 4½ acres, more or less, a portion of the land owned by the Josephine Hoyt Heirs, at a price not to exceed \$3,500. Also a parcel of land in North Newington on Little Bay Road, 30 acres more or less, owned by L. S. & T. E. Flynn, Jr., at a price not to exceed \$10,000. Land in South Newington to be used for future development of a Civic Center site; land in North Newington to be acquired to eliminate undesirable, non-conforming gravel pit hazard and to provide land for future town development. Both items approved by Budget Committee and included in budget.
- 9. To see if the Town will vote to authorize expenditure of the Capital Reserve Fund of \$1,389.00, plus any accumu-

lated interest, for further development of Town Land. (Recommended by Budget Committee)

- 10. To see if the Town will vote to authorize the Selectmen to hire \$30,000 on the credit of the Town, at a rate not to exceed the current bank rate, to be used for a Water Engineering Survey (\$1,000) and water line extension (\$29,000), as included in the Budget.
- 11. To hear the report of the Budget Committee and to see what sum of money the Town will vote to raise and appropriate for all Town expenditures in the year ensuing as included in the Budget.
- 12. To hear the report of the Town Clerk on the election of Town Officers and the Referendum question concerning the proposed town zoning ordinance.
- 13. To transact such other business as may legally come before the meeting.

Given under our hands and seal, this nineteenth day of February, in the Year of Our Lord one thousand nine hundred and sixty-six.

GORDON D. HISLOP, Chairman
PAUL KENT
PAUL L. deROCHEMONT

ANNUAL REPORT OF THE NEWINGTON VOLUNTEER FIRE DEPARTMENT

As we close the roster of the Newington Volunteer Fire Department for the year 1965, we are pleased to note that you, the people of Newington, have continued your good work in the field of fire prevention. So again the members of the department and myself are able to congratulate you and we can chalk up another year without a major conflagration on the records of the town.

Yes, we have had some small fires, some that could have been large ones, some that might have become really exciting, but thanks to the good work of your firemen after receiving the alarms and their quick response and proper action upon arrival at the scene, these fires were quickly extinguished and property loss and damage was kept at a minimum.

We responded to fourteen emergency calls during the year, along with calls for aid in the form of medical assistance, such as oxygen or getting someone to the hospital. I might mention here that the department does have a resuscitator and the firemen have had the necessary training for operation of it, so in the event anyone in town needs oxygen we are well able to furnish it. Also, each fire truck and the fire chief's car carries Breath-of-Life Oxygen Spheres for emergency use.

During the past year, we were able to purchase an emergency boat to be used in rescue work. The boat is equipped with an outboard motor and trailer. We have a trailer hitch on one of the fire trucks, the chief's car, and several others in town are able to haul the boat. We hope an emergency will never arrive for use of this boat, but we are fully prepared if such is the case. We have taken the boat out for training purposes and found it very stable and seaworthy and capable of performing efficiently. We have

also devised a method whereby we can fight fires from the river or shoreline of Newington by putting a portable pump into the boat and pumping water from the river or bay onto the fire. This, indeed, is an asset to the department and town as a whole. We have increased our radio coverage by having not only two portable walkie-talkies, but a base station purchased by the town and licensed by the State Forestry Department on forestry frequency. We find this a great help in our operations.

It is with a great deal of gratification that we see the town saw fit to have the town buildings equipped with a fire detection system, including the fire station itself. This system activates the municipal alarm system in the fire station and thus alerts the department in the event of a fire in any one of the buildings.

Respectfully submitted, WILLIAM J. YOUNG Fire Chief

REPORT OF THE FOREST FIRE WARDEN & DISTRICT CHIEF

Most of us who live in New Hampshire and the thousands of vacationists that visit us every year love the State for the variegated woodlands that encircle our clean lakes and clothe the hills and mountains. Most of us appreciate these values, but still there were enough careless people among us to cause over 880 grass and woodland fires to start in 1965. True, this was much dryer than normal year but this should have meant the use of extra care. Fortunately the fire fighting forces have held the line against such careless acts. It is up to each one of us to be ever mindful that a spark or flame is a potential fire.

WE MUST ALL BE CAREFUL:

- 1. To teach our children the danger in lighting matches.
- 2. To never discard lighted smoking material from a car or while walking through fields or woods.
- 3. To safely dispose of rubbish, preferably at the town dump. If you must burn rubbish or brush:
 - a. Always get a permit to burn from the warden.
 - b. Start your fire late in the day after 5:00 p.m.
 - c. If burning a field or brush, have equipment and adequate help on hand. The heat from your fire creates its own draft to spread fire.

Our carelessness with fire is costing our State and Towns thousands of wasted dollars in suppression and hundreds of acres of destroyed woodlands. Yours never to enjoy.

RALPH STEVENS, District Chief

WILLIAM J. YOUNG Warden

REPORT OF CIVIL DEFENSE DIRECTOR

The Newington Civil Defense Department was reorganized in February of 1965 and a town plan was adopted designed to cover any emergencies that might arise of a magnitude that our individual organizations would not be able to cope with.

The new concept of Civil Defense is to protect the people in the event of natural disaster as well as in war time emergencies, with much greater emphasis now being placed on the natural disaster aspect of protection.

The town plan has been developed with the following Manning Table:

Selectman Gordon D. Hislop Selectman Paul Kent Selectman Paul L. deRochemont Director: William J. Young

Deputy Director: Leavett E. Moulton Assistant Deputy Director: Leonard Thomas

Warning and Communication	Edward Hoyt
Welfare and Refugee	Mary Spinney
Rescue and Engineering	Donald E. Beals
Medical, Hospital, First Aid	Edith Knox
Radiological Monitoring	Martin Gemler
Firefighting	Harry Estey
Police	Joseph C. Navelski
Transportation	Walter Pickering, Jr.
Supply	Allen Paterson
Secretary	Isabelle R. Surette

These unit heads will, in turn, select others to help them with their duties.

We have had two organizational meetings, plus several meetings with state and federal agencies to prepare the town plans and reports, which truly has involved a great deal of paper work in order to keep Newington eligible for surplus equipment and matching federal funds that are available and that will help the town to carry out its program efficiently.

At this time I wish to give Edith Knox a great deal of credit and a vote of appreciation for the fine job she did in conducting the medical self-help program with the ladies this past year. The courses were well attended and most instructive.

We plan to enlarge the appropriation of the CD Department in the year to come so this may be an organization ready, willing and able to step in to assist the people whenever the occasion might arise.

Respectfully submitted,
WILLIAM J. YOUNG
Civil Defense Director

CEMETERY COMMITTEE REPORT

The Cemetery Committee held one meeting during the year on December 22, 1965. The work outlined for 1965 has been accomplished with the exception of the map. Due to the additional expenditure of completing the water line the map project was not undertaken this year.

In 1963 there were twenty-five perpetual care lots which could not be located. As of this year, 1965, all but two have been located, thanks to Mr. Moulton's research. Cemetery regulations do require that location of burials must be marked by a granite marker on a concrete foundation. It was voted to notify by letter those owners of cemetery lots who have not abided by this requirement.

The budget for 1966 was presented by the Superintendent, discussed item by item and approved. A copy of the same was forwarded to the Board of Selectmen for presentation to the Town Budget Committee.

Respectfully submitted,

DONALD E. BEALS, Chairman ERNEST R. KADDY FLORENCE C. WATSON, Sec'y Newington Cemetery Committee

PLANNING BOARD REPORT

During the past year work on the long range planning and development program has been completed and a comprehensive plan consisting of specific studies and projections for the Town of Newington has been received. This was possible through the Town's participation in the Federal "701" Planning Program and provides historical data, reports of engineers, technical information and professional engineered projections for the Town and surrounding area.

With this information and the continued participation of the townspeople and their recommendations, your Planning Board hopes to be able to recommend changes, improvements and other projects to the voters of the Town in keeping with the desires and best interests of all.

In this year's warrant there are several recommendations for changes to existing zoning ordinances, improvements to buildings or town properties and the acquisition of additional properties, which the Board sincerely feels are in the best interests of the Town. Before making these recommendations, serious consideration was given to the following factors:

- a) Growth is inevitable, as can be seen by a look at surounding towns and villages.
- b) Uncontrolled growth is expensive, and results in high, unplanned for and often hasty expenditure of funds.
- c) Controlled growth permits a system of checks and balance with time to plan and choose where and how to expend funds.
- d) Retention of Newington's rural charm and pleasant atmosphere is of paramount importance.
- e) Continued excellence of educational and recreational facilities, with orderly improvement and ex-

pansion for the young people of the Town are equally important.

f) Capital improvements, when not a tax burden, are a step forward to better living.

It is hoped that the consideration of these factors have influenced the Board's recommendations and that they reflect the will of "you, the people" so that we all may continue to enjoy our Town as we know it.

A reminder that all residents are most cordially invited to attend our meetings and help us plan for the future together.

Respectfully submitted,

F. H. SMITH, JR., Secretary

Newington Planning Board

REPORT OF DOG OFFICER

Answered a total of 35 calls.

Picked up, kept required length of time and disposed of 9 stray dogs.

Buried 1 dog.

Miscellaneous: Investigated several cases of dogs killing chickens, disposed of strayed and dead cats, returned lost dogs to their homes, answered calls from people being annoyed by stray or lost dogs, dogs involved in accidents, etc.

Respectfully submitted,

KENNETH PICKERING

Dog Officer

REPORT OF THE NEWINGTON SCHOOL BOARD

The School Board realizes that complete elementary education of your children is the most vital factor in developing mature, responsible citizens of the future. In this fast-moving world, new methods are constantly replacing the old, and education must run to keep up.

Materially we have a comfortable school, up-to-date textbooks, audio-visual aids and facilities for athletics. The library offers excellent help for research in addition to showing films to suit the age level. Most important, we have capable and sympathetic teachers: Mr. Thomas Schultz, principal and teacher of the fifth and sixth grades, Miss Marian Fish, third and fourth grade teacher and Miss Betty Stimson, teacher of the first two grades.

Mr. Robert Brunelle, Superintendent of Schools, and Mr. Stuart Picard, his assistant, give much of their time and interest supervising and counseling all the school personnel, besides keeping the business wheels running smoothly. They also keep abreast of the latest trends in educational methods and aids and adapt them to our particular needs. Mrs. Evelyn Vedeler ferrets out children who need help with reading, uncovers their problems and painstakingly attempts to remedy and correct their difficulties. She also tests all the pupils yearly to ascertain their capabilities. It is unfortunate that she will not continue as reading consultant next year.

Mrs. Louise Young has continued with the ceramic program as in the past, introducing the children to elementary art. Mrs. Edith Knox is our new school nurse and has ably filled that position. The school board authorized the purchase of eye testing equipment and an audiometer for testing hearing. The new music teacher, Miss Jane Harris has done a splendid job developing a sense of music in all the

children and they enjoy singing and participating in the musical programs.

Mr. Kaddy continues to provide excellent care of the school property in keeping it clean and neat. He also coached the basketball team and schedules games with other schools.

Mr. and Mrs. Walter Pickering, Jr., have given very satisfactory service as our transporters and are to be congratulated for their patience in putting up with the noise, jokes and, sometimes, the tardiness of Newington pupils.

School Board meetings are held at the schoolhouse at 7:30 p.m. the third Friday of every month when school is in session, and are open to everyone.

Respectfully submitted,

Lydia Frink, Chairman John R. Mazeau William J. Young

District Treasurer

AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school District of Newington of which the above is a true summary for the fiscal year ending June 30, 1965 and find them correct in all respects.

EDWARD J. HOYT PHYLLIS A. GRANT Auditors

July 15, 1965

NEWINGTON SCHOOL DISTRICT REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Newington:

Each year at this time, it is my pleasure to report the status of education within this community.

We have been fortunate this year in that our teachers have all returned to teach, and as a result, we have not been faced with the usual adjustment problems that occur when a new person teaches in a school. I do not mean to infer that no problems exist. We have some as do all schools; however, the difficulties that do exist are not insurmountable nor have they resulted in a deficient educational program.

The teachers are hard-working and have made adjustments as needed to provide good education for all pupils. Particular emphasis this year has been aimed at giving individual children the opportunity to progress with the curriculum at a more personalized level of achievement.

Mr. Thomas Schultz, the school principal, is giving the leadership needed, and with the teachers, he has altered school programs to provide better education in the school. He is imaginative and resourceful; we are fortunate to have him as our principal.

The curriculum is basically the same as that reported to you in the two previous years with one or two differences. The reading teacher, Mrs. Vedeler, has initiated a modified reading program whereby each child is thoroughly tested, and once the reading level is determined, the child is placed with a group at the same reading level in the classroom. This has been done in the past, but the difference is in the amount of testing that we are now doing to place the child at the proper level in the area of reading. In some cases, the teach-

ers have moved children from grade level to grade level as determined through testing and observation for various subjects to enable the child to benefit from instructions more closely connected to his achievement. This system has also helped the teacher since it reduces the number of preparations and presentations made by each teacher; particularly, it has reduced the number of duplications that a teacher has to make with the result that teachers and pupils use their time to greater advantage.

The foregoing may be used as an introduction to a proposal being made in the school budget for next year. It is proposed that a fourth teacher be employed to work in the elementary school during the 1966-67 school year. The reasons for this proposal are as follows:

- The reading teacher, Mrs. Vedeler, will not be with us next year. This is a personal decision made by Mrs. Vedeler.
- The double grades that each teacher must teach result in many different academic preparations each day for each teacher.
- 3. The principal, Mr. Schultz, would be available during the school day for supervision and evaluation of school curriculum. He would also be able to provide help to his teachers on a day-to-day basis. (The superintendent's office can provide this, but not on a day-to-day basis.)
- 4. The pupils would receive more attention relative to their individual needs with an expansion of the present program of providing instruction at the level where the child is — rather than where he should be.

BUDGET ANALYSIS

The 1966-67 proposed school budget has the following features:

- 1. Teacher salaries are higher due to the addition of a fourth full-time teacher, and the salary base for the teachers has been raised to \$4,700.
- 2. Textbooks and teaching supplies have increased due to higher costs for these materials, and the purchase of a set of encyclopedias to replace a set printed in 1947.
- 3. Retirement and social security payments are higher due to increased rates and higher salaries.
- 4. Insurance is up slightly due to last year's credit received when the school building was insured under a new plan. This new plan is one whereby all town buildings are insured under a package plan which has resulted in more coverage at a reduced cost.
- Equipment: A new section for the movable stage
 has been included in this item as well as an additional desk, a table and chairs for the school, bookcases and files for the teachers.
- 6. Tuition has increased due to higher rates for junior and senior high pupils.
- 7. Supervisory Union expenses have increased due to salary increases for those in this office and the addition of a clerk-typist. This clerk-typist is needed due to the increased work load brought on by larger enrollments, more teachers, and required reports to the state and federal government.

We have a good school here in Newington due in part to the efforts of the school teachers; the principal; Mr. Kaddy, the custodian; Mrs. Pickering, the town librarian; and all who have worked with the children. The townspeople are also a factor in our success since without their support, all that the foregoing people attempted to do would go for naught. Many more are worthy of our thanks for

their support: the Parent-Teacher's Association, the library trustees, the school transporter, the selectmen, the school district clerk, and many others too numerous to mention.

I should like to commend Mrs. Knox, the school nurse, for her contributions to the children and school. She has given more than was asked of her; we thank you.

To you, the School Board, may I once again extend my appreciation for your leadership and guidance in the operation of this school during the past year. The fact remains that you as the representatives of your fellow-citizens of the Town of Newington set the policies which determine what kind of education will exist in Newington.

Respectfully submitted,
ROBERT L. BRUNELLE,
Superintendent of Schools

REPORT OF SCHOOL NURSE-TEACHER

To the Superintendent of Schools, the School Board, and the Citizens of Newington:

This year, I regretfully submit my last annual report to the Town of Newington.

I was beginning to look upon your town as a second home and your children as a part of my family. I really enjoyed being your school nurse; however, I knew as our population increased in the Oyster River District and the new high school became a reality, I would soon have to say "Goodbye" to my children, parents, and teachers in Newington. The case load has become increasingly too heavy for me to effectively handle the multiple duties and expectations of a school nurse. Even your census increased and fluctuated more than usual the 1964-65 school year.

Our usual testing program was as follows:

vision tests	69 retested		12 n	ewglasses	4
hearing tests	69 retested		8 p	roblems	3
Speech difficultie	es noted	6	parent	conferences	
home and phone	visits	23			

Communicable Diseases	Approximate No. of cases
Mumps	17
Chicken Pox	18
German Measles	2

This year, aside from the usual testing program, we showed a special annual movie, planned and carried out a special dental care program, completely screened our preschool registrants by checking height and weight, vision and hearing, and had a TB patch test program for everyone in school.

In closing, I wish to thank each and everyone for the complete understanding, cooperation, and friendliness you

have extended me throughout the school year and most of all for your parting tribute and gift which I shall always treasure.

Respectfully submitted,
MARJORIE E. MOORE, R.N.
